

Name(s) of Proposer(s): _____

**RESEARCH COMMITTEE
ROUTING SLIP FOR PROPOSAL APPROVAL
(Revised 11/98)**

The **research advisor** (if the proposed research is by a student) or **professor** needs to approve and attach the proposal to this routing slip before submitting it to the Chairperson of the Research Committee (**print your name, circle "Yes"** below, and **sign your initials** next to "Yes" below). When approved, or if there are questions or concerns, the Chairperson of the Research Committee will notify the research advisor. The **research advisor** should, in turn, notify the researcher(s) of the decision of the Committee.

This form will be routed for approval. Each professor whose name is circled needs to **date, circle "Yes" or "No" below**, and **sign your initials** next to "Yes" or "No" as to whether 1) the proposed research is **ethically appropriate**, 2) **confidentiality is assured**, and 3) appropriate **informed consent is obtained**. Comments regarding the proposal other than those regarding ethical issues are optional. The "Yes" or "No" decision should be based solely on ethical grounds and should not be made on the basis of design issues, social significance, etc.. These additional issues are primarily between the student and the research advisor or research committee. The last person who evaluates the proposal should **return it to Shann Ferch** (AD Box 25), Chairperson, Research Committee.

Date the **Chairperson of the Committee** received the research proposal: _____

Advisor/Professor: _____
Program: _____

Phone: _____
